

Why You

hazydecay

in the tunnelz of confusion i'm lost in heavy hazy - it looks
like you left me in the maze - don't you feel you forgot
sumthin' behind you - i remembr telling you
don't let go!

you bled me dry - sucked the shit outta me - such a pain
ai't even for a real enemy - the battlefield of love is the
eagle throttlez the dove till death comes and puts her down
sleep asleep

ya gotta fall down * break all the bonez * impale every one
piece * of your disgusting meat
why you
