

## INTRO Holy one

Hb

I don't need to climb a high mountain  
Seeking the truth and way to you.  
You are so wonderful, Creator, Holy one.  
You're the only one that I adore.

I do want to walk with U Father  
Asking your guidance every day.  
And when I stumble down you lift me up again!  
You're the only one that I adore.
