

Here I am a naked man and from inside I feel alive  
but how far I've got to go.  
Here I am with empty hands, and no one knows - what's up folks  
unimportant for the world

Ref: I'm 27 years old man, nothing to hide  
just be the same, what's the meaning  
of it all?

A lots of days behind my back, and what I've got  
ghosts in my head  
I'm staring at the sun.

A few friends passed by, no one's here now  
I'm kind of freak, don't wanna speak  
so what's the point of being here?

Ref: So honey tell me  
why, 27 year's old man  
nothing to hide, just be the same  
what's the meaning of it all?

Try to help me understand  
I'm 27 year's old man  
what's the meaning of it all?

Burning bridges, houses of hope  
crying children, everyone's alone  
Fight for freedom, so many graves  
tell me brother, who's insane.
