Eating A Book

He Is Legend

There is a monster in my room we discussed movies over coffee And I think it's quite absurd he got hungry, licked his lips, shook my hand, and tried to eat me. And it's getting on my nerves Don't you think it's strange that I've been reading, and I still don't know how to kill you I'm trying hard not to meet you when I'm sleeping, still don't know how to kill you

I've got tickets to show I know no one will be attending And think that you should go I don't mind your complexion or the fact you are bleeding It's just the way that it goes

Don't you think it's strange that I've been reading and I still don't know how to kill you I'm trying hard not to meet you when I'm sleeping, still don't know how to kill you

I don't mind the shape your head is in I've just got to watch you explode
