

Lovey Love

He Is We

Today is the day that you, took my breathe away
And the leaves just like me, are falling
And swept by a breeze
But I don't mind the ride

You keep saying don't worry lovey
I'm not scared but please hold me
La, La, Lovey Love, has found me
And I can't stop singing this melody
Dee, Dee, Dee, Do, Do, Do
And I think that I love you

It's hard not to be cheesy, yeah
It's so easy to sound cliché
When you make me feel this way
My heart is grinning, My head is spinning
But I don't mind the ride

You keep saying don't worry lovey
I'm not scared but please hold me
La, La, Lovey Love, has found me
And I can't stop singing this melody
Dee, Dee, Dee, Do, Do, Do
And I think that I love you

Dee, Dee, Dee, Dee, Dee, Do, Do
And I can't stop singing this melody

No more sad songs
No more I can't find love mentality, no
No more sad melodies
Cause la, la, la, love has finally found me

You keep saying don't worry lovey
I'm not scared but please hold me
La, la, lovey love, has found me
And I can't stop singing this melody
You keep saying don't worry lovey
I'm not scared but would you please hold me
La, la, lovey love, has found me
And I can't stop singing this melody
