

Our July In The Rain

He Is We

Bring me back to holding hands in the rain,
I swear, I'd ease your pain,
Lift you up so, you could finally see,
The love you are to me,
I've had time and I've
had change,
I've been broken but
I still I can't explain,
Our July...

Why'd I have to go
and you like that?
Thought I'd move on,
then you brought me right back.

To the night, you took my kiss
away from me,
Took your's too,
then I lost you.

CHOURS:

Would you bring me back
to holding hands in the rain,
I swear, I'd ease your pain,
Lift you up so, you could finally see,
the love you are to me.

I've had time and I've
had change,
I've been broken but
I still I can't explain,
Our July in the rain

Every part of me is broken
now,
I tried to scream, but nothing
came out
Dropped my pride and I refilled
my insides,
And it all came pouring out,

CHOURS:

Would you bring me back
to holding hands in the rain,
I swear, I'd ease your pain,
Lift you up so, you could finally see,
the love you are to me.

I've had time and I've
had change,
I've been broken but
I still I can't explain,
Our July in the rain

This melody will never
speak all the things
that I regret if I could

say anything
My apologies for the way
I ended things,
See, I love you
But it skinned me,

(2x) You skinned me
Would you please...?

you bring me back
to holding hands in the rain,
I swear, I'd ease your pain,
Lift you up so, you could finally see,
the love you are to me.

I've had time and I've
had change,
I've been broken but
I still I can't explain,
Our July...

Would you bring me back
to holding hands in the rain,
I swear, I'd ease your pain,
Lift you up so, you could finally see,
the love you are to me.

I've had time and I've
had change,
I've been broken but
I still I can't explain,
Our July...
