

Prove You Wrong

He Is We

You're the boy with a real nice smile,
But a broken heart inside.
Give it to a girl, gave it to a girl,
And I think she lost her mind.

Are you giving up and done?
Are you through with all this?
Are you tired of the pain?
Torn to pieces.

Can you let me try?

Tell me it's all right,
Just for one night.
Show you how to feel like,
What it feels like.
To be hugged, to be kissed.
Yes I can be that part of you.
I'll try my best.

I'm the girl, I can make you smile,
And I promise to be true.
Give it all,
Give until there's nothing left to lose.

Don't say you're giving up and done,
That you're through with all this.
Yeah you're tired of the pain,
Torn to pieces.

Can you let me try?

Tell me it's all right,
Just for one night.
Show you how to feel like,
What it feels like.
To be hugged, to be kissed.
Be thought of and to be missed.
I can be that part of you,
Let me be that part of you.

I see that you're breaking,
Your heart is breaking.
Here's my hand if you'll take it,
We can make it out,
Of all this mess.
No more stress.
I can be that part of you
I'll try my best.

Give me your heart
I don't want a piece or part
I want it all, want you to fall
Just a little bit
Take that leap of faith if you want to
Don't let that broken heart haunt you

Can you let me try?

Tell me it's all right
Just for one night
Show you how to feel like
What it feels like
To be hugged, to be kissed
Be thought of and to be missed
I can be that part of you
Let me be that part of you

I see that your breaking
Your heart is breaking
Here's my hand if you'll take it,
We can make it out
Of all of this mess
No more stress
I can be that part of you
I'll try my best

Oh ooh
Try my best
(Out of this mess, no more stress)
I can be that part of you
I'll try my best
