

Scandalous

Head Automatica

You ain't loved me right for a while
And for your hand and word I'd crawl a mile

For all that I know
You're still scandalous

You're so scandalous
I just can't handle it

You ain't loved me right for a while

For all that I know
You're still scandalous

You're so scandalous
I just can't handle it

Grin and bear it
I'll wear it
(My crown of thorns)
They gotta be pointed
I gotta be hunted
No mercy
No mercy
(My crown of thorns)
I gotta be hated
I gotta be hated
