

# Elijah

Head East

We are people looking for  
A new and promise land  
Found him with fire and rain  
Crossing desert sand

We were right, the moonlit night  
Never stop for days  
Oh, we are of the chosen few  
Elijah knew the way

He would turn the tide for us  
Lead us from temptation  
And when we reach the promise land  
He will witness our creation  
He will witness our creation

With fire we fight the red man's bow  
With strenght we steals his rights  
Oh, we did not know what we were  
We followed Elijah's plight

The path was straight and to the point  
Destiny would bring  
Another time, another place  
Another moonlit king

Chorus

Oh Elijah, oh oh oh  
Oh Elijah, oh oh oh

Oh lead us to the Shepherd's call  
Every step is long  
And when you feel it in your soul  
Please help us with this song, oh

Oh Elijah, oh oh oh  
(Numerous repeats)

Oooooohhhooooohhoohohohohohohoh
