

# I Don't Want The Chance

Head East

Someone's always saying  
That there ain't no place like home  
But that don't seem to mean much anymore  
'Cause home was always something that  
I never thought I'd have  
It's something that I'm just not looking for

So take me to my friends out on the highway  
I feel just like I'm only wasting time  
Get me out of town before tomorrow  
Well I don't want the chance to change my mind

Someone's always saying that my life don't mean a thing  
I help no one and only hurt myself  
But there ain't nothing here except a place to hide my tears  
Tomorrow this time I'll be somewhere else

So take me to my friends out on the highway  
I feel just like I'm only wasting time  
Get me out of town before tomorrow  
Well I don't want the chance to change my mind

Ten days in another world  
Twenty-five more to go  
Where I've been and what I've seen  
Nobody wants to know  
No one wants to spend their time  
Waiting around for me  
But I can't change the way I am  
Or what I want to be, yeah

So take me to my friends out on the highway  
I feel just like I'm only wasting time  
Get me out of town before tomorrow  
Well I don't want the chance to change my mind  
No, I don't want the chance to change my mind
