

# Adonai

Head

Understand  
It's for the sake  
Of every man  
That I must take  
This whole world back  
To make things right  
I will attack  
I came to fight

I will rise a generation up to be my soldiers I will tie my heart to yours put my head on your shoulders

Chorus

Make your escape from life with Adonai Everything in life depends on Adonai

Understand  
It's for the sake  
Of every man  
That I must take  
This whole world back  
To make things right  
I will attack  
I came to fight

Natural disasters will keep coming but don't worry  
My people don't live in fear of death that's how you should be

Chorus

Make your escape from life with Adonai Everything in life depends on Adonai  
Lift all your worries up to Adonai  
You will all stop hurting come to Adonai

Leave me alone now  
I'm not from here  
My home's in Heaven  
Leave me alone

Rise Rise - Rise up Adonai  
Rise - Rise - Rise up Adonai  
Rise - Rise - Rise up Adonai  
Rise - Rise - Rise up Adonai

Let your worries rest on Adonai -  
Life is just a test from Adonai -
