I gave you everything all the pain life brings just to get you to come back to me I want to give you light I don't want to ever fight, Stop resisting and come home to me...

You're so afraid of love there's not much time.. All the pain inside just makes you want to die.. Love me, Don't hate me You're angry it's ok trust me come this way live in eternity...

I'm the real drug to take to numb your heartache stop running and come back to me i've had it up to here I cried way too many tears you'll keep suffering til you come to me outside you act so tuff but inside you cry all the pain inside just makes you want to die Love me don't hate me you're angry it's ok trust me come this way live in eternity your soul is mine I don't want to fight your soul is mine don't be unkind your soul is mine I don't want to lie I swear you'll never die stay alive when I restore all mankind Love me don't hate me you're angry it's ok trust me come this way live in eternity come see you'll soon be not guilty and set free
