

Bad Animals

Heart

They walk into the lobby
The pack in black
Heads are turning
But they don't look back

They must be crazy
Not buying in
Why these outsiders
Get to shock and offend

They're bad animals - bad animals
Got to swim upstream got a rebel seed
Bad animals - bad animals
Got to push the grain or go insane

Out here on the frontline
Our territory is nighttime
We walk the jungle line
We stay alive

Bad, bad, bad boys and dangerous girls
Ain't got no prescription
They make their own styles

Typical family
Trying not to stare
Look a little closer now
If you dare, if you dare, if you dare

Bad animals - bad animals
Got to swim upstream got a rebel seed
Bad animals - bad animals
Got to push the grain or go insane

Out here on the frontline
Our territory is nighttime
We walk the jungle line
We stay alive

Bad animals - bad animals
Got to swim upstream got a rebel seed
Bad, bad, bad animals - bad animals
Got to push the grain or go insane
