

Call of the Wild

Heart

After midnight
I call you
Even though I know better
I just got to
The moon is full
My heart is hot
And you know what I'm longing to do
With this aching I got

The call of the wild
Oh baby, can't you hear me calling
Oooh...
The call of the wild
The call of the wild

How can you ask me
Why I'm pushing pushing
When you know damn well
What you do
What you do to a woman
I get so inspired
Lying so close
It's the flash and the flame and the lever
I need the most

The call of the wild
Oh baby, can't you hear me calling
Oooh...
The call of the wild
The call of the wild

If I could chain you to me
I'd do it in a minute
My magic caravan
Baby you'd be in it
I'm hiding the prize and you're gonna win it
You're gonna win it now

The call of the wild
Oh baby, can't you hear me calling
Oooh
The call of the wild
Oooh
The call of the wild
Oooh
Oh Baby
Listen to me howling

The call of the wild
