

# Heartless

Heart

The doctor said  
"Come back again next week  
I think that you need me"  
All she did was cry  
she wanted to die  
"Doctor when can you see me?"  
There's a guy out there  
seems like he's everywhere  
It just ain't fair

(chorus)

Heartless, heartless  
Never out of control  
Heartless, heartless  
Sin in the name of rock and roll  
Heartless, heartless  
He thinks it's so cool to be cold  
never realize the way love dies  
when you crucify its soul

Late night in the penthouse room  
the fire is burning  
Shadows are warm, laying in  
his arms she answers his yearning  
Her eyes are filled with sand

(chorus)
