

# Hey You

Heart

You've been down this lonely road  
You have kissed the face of sorrow  
You have bought what you've been sold  
But you still will buy tomorrow

You are one of a kind  
You are some kind of find  
Hey you

Hey You  
Until the heavens and the stars refuse to shine  
Hey You  
Until the darkness and the light decide to rhyme  
Hey You  
Until forever and a day run out of time  
Hey you

I swear by my September stars  
I will go where you are going  
Forever's never very far  
As my love is overflowing

With your cards up in your sleeve  
Did you fumble with your keys?  
Hey you

Hey You  
Until the heavens and the stars refuse to shine  
Hey You  
Until the darkness and the light decide to rhyme  
Hey You  
Until forever and a day run out of time  
Hey you

Na na na na na na na na na na  
Na na na na na na na na na na  
Na na na na na  
Hey you

Na na na na na na na na na na  
Na na na na na na na na na na  
Na na na na naaaaaa

Chilly wind and wanderlust  
I been out here for so long  
Choking on the diamond dust  
And the symphony is gone, gone, gone  
Are you tangled in the trees?  
Did it bring you to your knees?  
Have you had enough of me?  
Hey you

Hey you  
Hey you  
Hey you

Na na na na na na na na na na

Na na na na na na na na na na na  
Na na na na na  
Hey you

Na na na na na na na na na na na
