Caught you in the act - can't put up with that messing where you shouldn't be
I wanna hear you say you're sorry cause nobody takes advantage of me

You're missing the mark - shooting in the dark I'm pulling the wool from my eyes baby don't you push me further it's gonna hurt you if it happens here

If looks could kill you'd be lying on the floor you'd be begging me please please baby don't hurt me no more If looks could kill you'd be reeling from the pain and you'd never lie again If looks could kill

You're living on the edge - hanging by a thread I'm watching every move you make you don't want to see my anger so don't you make another mistake

Love is on the line - I ain't about to be kind that's a promise and a threat if I was you I'd really cool it or risk a night you'll never forget

If looks could kill you'd be living on the floor you'd be begging me please please darlin don't hurt me no more If looks could kill you'd be reeling from the pain and you'd never lie again If looks could kill

I was a fool to believe in you a sucker for every line
I'm a little less blind than I was before
I can see right through your design

You'd be begging me please please darlin don't hurt me no more
If looks could kill
you'd be reeling from the pain
and you'd never lie again
If looks could kill

You'd be begging me please please darlin don't hurt me no more
If looks could kill
you'd be reeling from the pain
ynd you'd never lie again
If looks could kill
