

## Just the Wine

Heart

Once in a life  
We lived in a sanctuary  
A song could get us free  
Slept behind the altar  
Only the singer saw

Now is it gone, years on  
Times we took alone  
Stealing an hour, buying a night  
It's hard on the telephone  
Love outside the law  
Je' tant rêve du toi  
--

Is it gone, this year  
Is the song still in your ear  
Or were we only high  
Just the wine  
Just the wine  
was it Only the time?

When we're old  
How will are story be told  
Windswept smoke used by time  
Waiting for the bus  
Will that be us?

Do you recall my friend  
We never thought we'd ever fall  
When the salesman came to call  
Selling our soul to buy  
Sometimes it ain't no deal at all  
Je' tant rêve du toi
