

# I Swallowed A Dragonfly

Heartless Bastards

Oh, I want to go  
To a place we've never been  
Be down for a while  
While coming up to the surface

I swallowed a dragonfly  
In the hopes that it would help me fly  
And it did for just one day  
And that day I saw everything

And I keep on moving forward  
Even when I'm down  
And I keep on moving forward  
All the time

And I keep on moving forward  
All the time  
And I keep on moving forward  
Even when I'm down

And I don't know  
Don't know what it is  
That keeps me down
