

Brother Stand Beside Me

Heather Dale

Brother, stand beside me -- Brother, lend your arm
Brother, stand beside me -- Brother, lend your arm
The land below lies stricken
And this fight has nearly come
Let them sing our praises when we've gone

Brother, stand beside me -- Brother, lend your arm
Brother, stand beside me -- Brother, lend your arm
See the weakness in the world
And choose to be strong
Let them sing our praises when we've gone

Brother, stand beside me -- Brother, lend your arm
Brother, stand beside me -- Brother, lend your arm
All it takes is one to say
