

# Pied Piper

Heather Dale

Greetings, Master Piper  
The other kids and I can see you're new in town  
It seems as though the world has got you beaten down  
Well I'm sad to say this town will do the same

But take heart, Master Piper  
The other kids and I have got  
a little game  
That we've been waiting patiently to play

'Cause Mummy and Daddy wouldn't miss us  
Just fewer mouths to feed and bills to pay  
No, Mummy and Daddy wouldn't miss us  
if a piper came and led us all away

Don't worry, Master Piper  
The other kids and I have got this figured out  
We'll just chase out the rats to overcome their doubt  
about the kind of powers that you'll claim

Now the deal is, Master Piper  
We split this 60/40 if the grown-ups pay  
If they refuse, we go with you  
and get our ticket out of here

'Cause Mummy and Daddy wouldn't miss us  
Just fewer mouths to feed and bills to pay  
No, Mummy and Daddy wouldn't miss us  
if a piper came and led us all away

No, Mummy and Daddy wouldn't miss us  
Just fewer mouths to feed and bills to pay  
No, Mummy and Daddy wouldn't miss us  
if a piper came and led us all away
