

## Like Lovers Do

Heather Nova

There is a paradise that can be found  
A better life to bring us round  
And all we really need to do  
Is see the world like lovers do

I want to take it easy, take it slow  
To catch a fire and let it go  
I want to give myself to you  
So we can live like lovers do

Like lovers do, I want to feel that way  
Like lovers do, they lose themselves for days  
And I need to feel that way

I can hear you thinking what I feel  
I know that what we've got is real  
And all we need to get us through  
Is just to live like lovers do

Like lovers do, I want to feel that way  
Like lovers do, they lose themselves for days  
And I need to feel, I need to feel that way  
Give me strength to give myself to you  
Like lovers, lovers do
