

Waste The Day

Heather Nova

The streets are all busy and we're still in bed
We should be up working
But we're lying here instead
I look outside, the weather's fine
For playing music and drinking wine

I could waste the day with you
I could slip away into another dimension
What a perfect way
To spend the day with you

Let's walk to the cafe and sit in the sun
And read all the papers and watch everyone
'cause life is short and life is sweet
And sometimes you've jus got to set yourself free

I could waste the day with you
I could slip away into another dimension
What a perfect way
To spend the day with you
