

# I Set You Free

Heaven 17

We know what we have to do  
But I'm not being hard on you  
It's hard on me (hard on me)  
I set you free (I set you free)  
I know that you are hurting too  
But I'll put my trust in you  
Now trust in me (trust in me)  
I set you free (I set you free)  
From a to let it be (a to let it be)  
From b to can't you see  
Count on me  
I set you free (I set you free)  
Let me set you free  
This can't be where you want to be  
Set your wings in motion (motion)  
Across that land and sea ( ? )

Times are bad and times are good  
I'd stay forever if I could  
Can't you see ? (can't you see ? )  
I set you free (I set you free)  
Oh, when I see a falling star (see a falling star)  
I wonder where you are  
So far from me  
I set you free (I set you free)

I'm moving right on (moving right on)  
Gonna get some distance now (gonna get some distance now)  
I'll leave the town now (leave the town now)  
Gonna get away somehow (gonna get away somehow)  
Leave me alone (leave me alone)  
Gonna get some distance now (gonna get some distance now)  
I'm on my own (I'm on my own)  
Gonna get away somehow (gonna get away somehow)  
When your friends begin to say (friends begin to say)  
It should have happened yesterday  
Count on me (count on me)  
I set you free (I set you free)  
Look up to the sky (look up to the sky)  
Open up your eyes and wonder why  
It's got to be  
I set you free (I set you free)

And when I'm in control  
I'm body and I'm soul  
And when I'm number one  
I'm the moon and I'm the sun  
And when I'm standing tall (stone by stone)  
I'm the strongest anyone (I'll build it up)  
This is how I had it planned  
I don't wanna hold your hand ('till your're gone)  
When I'm in control  
I'm body and soul  
And when I'm number one  
I'm the moon and I'm the sun  
This is how I had it planned (stone by stone)  
I don't wanna hold your hand ('till your're gone)
