

# If I Were You

Heaven 17

The tenth of may  
It seems so far away  
When you and I were strangers moving close together

Sometimes it seems  
It's almost like a dream  
Driving across the country and the road is endless

If I were you  
Don't wait until tomorrow  
I'd lead and wouldn't follow

Walk away - today  
If I were you - please listen  
Walk away - I'd say  
If I were you 'go away'

The first of june  
The summer came too soon  
But from the day we met I knew you'd never go away

Sometimes I feel  
The passion's not so real

Finding it strange to be together, not alone

If I were you  
I'd smile and close the door  
I'd never ask for more  
Walk away - don't stay  
If I were you - believe me  
Walk away - I'd say  
If I were you 'go away'

Fourth of july  
With an independent sigh  
I think the time's arrived to take what's going to happen

Wise men may say  
It's easier to stay  
But if you are there I'm only wasting time

If I were you  
I know I'd want to hurt me  
It wouldn't disconcert me  
Walk away - I'd pray  
If I were you - I'd leave me

Walk away - today

If I were you - please listen  
Walk away - don't stay  
If I were you - believe me  
Walk away - I'd pray  
If I were you - I'd leave me

Walk away

Walk away  
Walk away  
Walk away

I'd leave if I were you
