

Let's All Make a Bomb

Heaven 17

And as the low aggress the high - All you can do is sit and cry
You've only got yourself to blame - Don't try to stop me it's t
oo late

My mind's made up, this job won't wait - There's nothing left f
or
me to say

R: Hey! There's no need to debate - It's time to designate your
fate

Take the M out of M.A.D. - Let's all make a bomb

Hey! There's no need to debate - It's time to designate your
fate

Take the M out of M.A.D. - Let's all make a bomb

Take one hundred scientists or more - Place in a room and lock
the door

Let them confer for half their lives - Unlock the door, go in a
nd see

What they have made for you and me - A brand new toy to idolize

R:

Although the war has just begun - Ignore the sirens, let's have
fun

Put on your best, go out in style - Although our future's looki
ng black

We'll go down town and join the pack - Let's celebrate and vapo
urize
