

## On My Knees

Heaven's Gate

Late at night I'm surfing 'round the world  
Restless I can get no sleep  
Looking for the one to catch my fall  
Blade of love is cutting deep

Feel the touch that started on the screen  
All the world was taking part  
All my love to one I've never seen  
Started to unchain my heart

I got weak when she was talking hot  
Jealous I could watch her play  
Cyber fantasy was all I got  
She treated in a different way

Living in my private paradise  
I was captured in a dream  
Should have listened to my ma's advice  
"things are not quite the way they seem!"

On my knees you're looking down on me  
On my knees I'm facing the truth  
On my knees you put the blame on me  
On my knees - Guess who is who?

Time passed by I couldn't wait no more  
Asked if we could have a date  
She said yes and so I slammed the door  
Right on time I won't be late

Saw her standing at the gallery  
And my eyes were turning black  
With a deep dark voice she said to me  
"Hello champ, my name is Jack!"
