

Carry Your Heart

Heavenly

I work all day to get harder money
nothing that can make me high
drivin' a fast car I live in a castle
but tell me why I wanna die

I need a miracle, spirit of my life
somewhere, someday I will find happiness
my dream today is to leave my loneliness
but finally it's you to help me to be a better man
like a rainbow in the sky
this fairytale is mine

I can fly to make my life with you
climb the mountain touch the sun
and I know inside me I'm the ONE
to carry your heart ...to the stars

I need a miracle, spirit of my life
somewhere, someday I will find happiness
my dream today is to leave my loneliness
but finally it's you to help me to be a better man
like a rainbow in the sky
this fairytale is mine

I can fly to make my life with you
climb the mountain touch the sun
and I know inside me I'm the ONE
to carry your heart ...

I can fly to make my life with you
climb the mountain touch the sun
...

I can fly to make my life with you
climb the mountain touch the sun
and I know inside me I'm the ONE
to carry your heart ...
carry it for our life
OH to carry your heart to the stars
