

## Illusion Part I

Heavenly

Illusion, salvation  
I have no destination  
Just illusions, forever  
No future, no more nature  
We're going to the wrong direction  
Illusion, forever  
I crossed the edge  
I follow this kind of fairytale  
Ride on my way  
I have appeared motehr nature  
Suffering and waiting for a miracle  
But there is no miracle  
I habe been to heaven  
Where the sun is shining  
Forever
