

# Number One

Heavenly

When the fate is on our side  
When the finish is near  
you rise up to the sky

A part of him is born to ride  
to be the best - to pass the last  
Fast as hell - he will give his life  
he will do everything to win and  
to be No. 1, to be No. 1.

He's ready now  
soon the race will begin for him  
His life's passing by in front his eyes  
No one knows what's going on in his mind  
But I know and he know's  
that he might burn and will not return

No turning back  
,cause the race is all you need  
Don't try to stop him  
he loves to take the risk  
No turning back  
,cause the winner's inside you  
Don't try to stop him  
Let his dream become real this time

To be No. 1, to be No. 1.

He's ready now  
soon the race will begin for him  
His life's passing by in front his eyes  
No one knows what's going on in his mind  
But I know and he know's  
that he might burn and will not return

No turning back  
,cause the race is all you need  
Don't try to stop him  
he loves to take the risk  
No turning back  
,cause the winner's inside you  
Don't try to stop him  
Let his dream become real this time  
Refrain 3

No turning back  
,cause the race is all you need  
Don't try to stop him  
Let his dream become real this time
