

The Face of Truth

Heavenly

Can you hear me my lord? I send you my words, Through the night
to go home.

This battlefield will be my tomb, A fight without sense, Throw
me to the ground

Don't want to stay here like a stone, I beg you a chance, Are you
waiting for...

A reason to save me? I just need your help, To pass through the
storm.

Carry out on my way, Carry out on my way, now, Scary nights in
my head, Scary fights in my brain I'll... Hold in your mind, Hold
in your soul, Your innocence... now

Speech:

I'm feeling like never before, My life comes to end, Are you se
arching for...

A reason to save me? From this sound of hell: the heavy metal

Solo: Lapauze

> i s reasoning in my heart again, War is an endless sin, For t
hose who make a game with our lives

Carry out on my way, Carry out on my way, now, Scary nights in
my head, Scary fights in my brain, so deep down inside... Holdi
ng my mind, Touching my soul, He gave me his hand... through th
e night

Carry out on my way, Carry out on my way, now, Scary nights in
my head, Scary fights in my brain, so deep down inside... Holdi
