

# The Sandman

Heavenly

When you are a child, you have great and fantastic dreams, where  
you feel so powerful that nothing seems impossible. As an adult  
,  
you sometimes wish to call the Sandman to go back to these dreams.

Do you remember when  
When the sandman came at night  
To tuck you child  
Read the book of the night  
Took you away to the sky

I lived many stories  
So many ways, so many suns  
I knew some mysteries  
Where I was killed or glorious

And I rode against the wind of time  
I saw where heroes die but why ?

I wanted to stay in my world forever  
The sandman's magical power can't work forever  
The dreamland was my destiny

I lived many stories  
So many sad, so many fun  
I knew some mysteries  
Where I was king or one of us

And I rode against the wind of time  
I saw where heroes die but why ?

I wanted to stay in my world forever  
The sandman's magical power can't work forever

I wanted to stay in my world forever  
The sandman's magical power can't work forever
