

## Bridge To Neverland

Heavenwood

Shine on slumber  
Her silky moon  
Too cold to leave behind  
Wretched heart unbelievable  
Without exactly knowing why  
She touches the sky

Delirious sweet queen of heavens  
Spread its scent through the night  
She fears the dark right now  
Exalted murmur in the shell  
A tale for the future to tell  
A spell within each heart

She'll rise in every man  
To bound the soul with ropes of flesh  
She'll rise in every man  
A spell within every human heart

Slumber
