

# Dance For You

Heavy D

Talk with me, w-walk with me..  
It's... uh-huh  
Whoo! Whoo!

I would do a dance for you  
Paint a portrait of a brand new you  
You deserve an ocean view  
I would swim it all for you  
I love you so much better, baby  
Yeah, I love you so much better  
I love you so much better, baby  
Yeah, I love you so much better

Huh, if I had to paint a picture  
Brushstrokes that perfectly descript ya  
Body like a sculpture, scripture  
Had to pray on ya, before I got up on ya  
Shoe store, your store, whatever fit ya  
Yo' time, my dime, whoever with ya  
Never divide the time to quit or split ya  
{Shit} ya the best thing the ever happen to me  
Now talk to me, walk with me...

Yes, you've been the best, so fresh right to left  
You eliminate the rest, and yes  
Peel it apart, your own heart, tear it apart  
'til ain't nothin left, and yes  
Bein without you instead of with you is equivalent to death  
Civil unrest, heavy on the chest...  
Now talk to me, walk with me...

[Chorus]
