

I Don't Think So

Heavy D

If you think, you gon' waste, my, time (baby)
I don't think so

Ready to come in on that one
Uno, check me out, yo

See I know how you get down
You want a nigga to put down before you go down
Always hangin around
In front of everybody, showin off yo' body
How'd you get in Puffy's party, or need I ask?
You shook yo' thing at me, playin yo' games with me

If you think, you gon' waste, my, time (baby)
I don't think so - baby I don't think so
Cause if you think, you gon' change, my, mind (baby)
I don't think so - no baby that's a no no

I see you on the corner frequently
You and yo' bum friends be hatin me (true)
Because I'm makin G's
A nigga don't owe you a thing
So now you studyin my personal
and my platinum thing
Stupid - you ain't phasin D
And all that talk you talk you ain't amazin me

Don't stop, give it to me daddy
Don't stop, Heavy give it to me
Don't stop, give it to me daddy
Don't stop, Heavy give it to me

Cause if you think, you gon' change, my, mind (baby)
I don't think so - no baby that's a no no
If you think, you gon' waste, my, time (baby)
I don't think so - baby I don't think so
Cause if you think, you gon' change, my, mind (baby)
I don't think so - no baby that's a no no

Don't stop, give it to me daddy
Don't stop, Heavy give it to me
Don't stop, give it to me daddy
Don't stop, Heavy give it to me
