## **Love In A Bottle**

My heart is broken, yeah If she doesn't love me, then who's gonna care? My heart is empty, hollow So I find love in, a bottle I found, looooove in a bottle-ohh

They say I drink too much and I'm like, "Forget y'all, I think you think too much" 'cause you don't know the things that I'm goin thru and the things I'm goin thru, you don't know who I'm goin thru it with Huh, on the stoop sippin Ciroc Flip-flops and bathrobes got me lookin like an asshole I'm so lonely, where my homie? Once I'da call her, now she act like she don't know me Oh, my, G-O-D Steady frontin like she ain't lovin the H-E-V She got me buggin at night, huggin the bottle tight She got me goin crazy, now where my baby?

Huh, you damn right I'm drunk and you would be too if you was down in my slump I tried to give my baby everything that she want But apparently, what she really wanted wasn't me She wanted, Bugatti not Godbody, she party party Hangin with sniffers and sippers, strippers in glass slippers who shake it for day trippers and big tippers Big figures, big schemers, dream stealers, dream killers Uh, I watch my baby succumb to pressures At one point in time, she was oh so precious When good girls go bad, man they gone forever Gotta go so wrong, damn I hate this song! C'mon

Bartender, gimme one drink I just wanna dance, I don't wanna think Bartender, gimme one more I don't wanna feel this pain no more

[Chorus]
