

## Love Sexy

Heavy D

Love sexy (sexy sexy, sexy sexy) {love sexy}  
So sexy, c'mon... yo

Now I can take my time, but I'm speedy if it's needy  
She says she want it all, so I gave to the greedy  
Love is satisfyin, if it's tasty then I'm tryin  
Never bought 'em, never buy 'em, on occasion I'm in Zion  
Enough of what you heard, Heavy D's got the wig out  
In between the leggy of a Peggy I might pig out  
Nope I ain't no joke, I got a stroke to make you bug out  
Girls get very happy when I tap the nappy dugout  
Easy easy on the "EZ Duz It," who is it or who was it  
Rough on the cuts you're lovin it, rubbin it while you're humpin it  
Wicked in bed, wicked in bed, that's what I said  
When I came the others fled, now mi haffa kill it - dead  
Mack in the sack and I'm a freak in between the sheets  
Never lacked in the back, stay harder than concrete  
Far from Chubby Checker, not a half-stepper, double decker  
Wreckin never sweat her but I'm better, the Mecca lover

Love sexy

Check it out! Aiiyyo my techniques kick like a kung-fu flick  
On the one-two tip I catch wreck when I rip  
The Overweight Lover, slick like butter  
Never did stutter, swing it in the gutter  
Sometimes I wear my hat to the back when I rap  
I never felt ashamed cause I'm proud to be black  
You see me on a poster, pop it like a toaster  
I know about the devil, but me and God is closer  
Hip to the hopper, proper like my poppa  
This girl said she's cumin, I tried but I couldn't stop her  
I'm on the quickie not the hickie tip, slick to flip a floppy script  
Before you got the property, know who you're dealin with  
Known to do a Suzy with a doozy of a stroke  
I never pulled my uzi on a floozy, leave her smoked  
I spark it like a mack, like a hook I always catch  
You know where I'ma be at, hear the rap, check the steps

Yo, I like it with a twist in the midst of danger  
I wreck a 'roni, and not a phony or a stranger  
Not a punani pretender, quick to bend your fender  
Pure beef, well done, so love me tender  
Or you can do it on the flipside, funny dip side  
Outside, inside, "Tales From the Darkside"  
Eeney meenie miney moe, let me know  
Here I am, what's the plan? Hot damn, "Who's the Man?"  
Yes I am, rip it cause I practice, I mean I'm always at this  
Girls front when they want me to smack this  
Super dip diver, clever like MacGyver  
Not a 9 to 5er, street life survivor  
A honey suckle wonder, kick lyrics like a punter  
First I'll have to back her, and then I'll have to front her  
Never 'fess, when it came to sex, flexed  
When it came to sex, wrecked, when it came to sex

Me nom a nom a nom me numba one  
"hey hey hey" [continues to the end]
