

## Still Missing You

Heavy D

The mansion is just an extension of the pain  
The hallways echo when I holler her name  
I swallow the pride holler the fame  
Narrow the lane, so she could play the game alone  
Nowadays don't even answer the phone  
Her late late, she don't even come home  
My babe babe don't act the same no more  
It's like the game we arranged and things done changed

It was over before it was over  
But now I'm right back where I started, alone again  
Feeling empty and broken hearted  
No matter what I do, still missing you

Lately you do things you never used to  
Instead of listening you turn around and walk away  
Your side of the bed is getting cold  
Coming home late it's getting old  
I guess there's nothing left to do, missing you girl

How do you give up a love like that  
How do you give up a love so fast  
I'm missing you, I'm still missing you girl  
How do you give up a love like that  
How do you give up a love so fast  
I'm missing you, I'm still missing you girl

You used to text me out be over  
But nowadays the sex is like the same old thing, mundane thing  
To say I love you feels like I'm choking  
But I'd rather walk away, and love you just the same

How do you give up a love like that  
How do you give up a love so fast  
I'm missing you, I'm still missing you girl  
How do you give up a love like that  
How do you give up a love so fast  
I'm missing you, I'm still missing you girl

Yo, what happened to the good old days, the hood old days  
Used to draw the shades lay in bed play all day  
Gone to work 6 stay home all day  
Now I'm alone all day  
While you're gone all day,  
Roaming the streets, till we don't speak all day  
And I'm bugging like what happened to her loving rays  
It's like I'm in the drugged out days, over bugged up maze  
Momy ain't the same, it's a shame

How do you give up a love like that  
How do you give up a love so fast  
I'm missing you, I'm still missing you girl  
How do you give up a love like that  
How do you give up a love so fast  
I'm missing you, I'm still missing you girl.
