

Cha-Ching

Hedley

It started on the Real World
A hot tube full of hot girls
Grindin' every frat boy and freak

Line up all the Idols
Who paint on phony smiles
Tryin' to ride the fast track for free

Who's the Biggest Looser
Or bust the biggest boozier
Bigger ratings for MTV

All the sole Survivors
Still stranded on the island
Lying through their teeth for money

So everybody dance! Everybody sing!
If you wanna go far, if you wanna be a star
Yeah we can swing it
Cha-Ching
Will ya take off all your clothes, will ya strike a Play Boy pose
If you wanna go far, if you wanna be a star
Then you gotta bring it
Cha-Ching

Every body stop and stare
Kardashian ass is every where
If you missed it watch TMZ

Pretending to be lesbians
And Tila's playing all of them
While Flavor Flav gets fucked up for free

Guess who's been livin' large
It's mini me the porn star
Google it I think you'll agree

And all the hotties on the Hills
Just getting rich and making mils
While you and I are watchin' TV

So everybody dance! Everybody sing!
If you wanna go far, if you wanna be a star
Yeah we can swing it
Cha-Ching
Will ya take off all your clothes, will ya strike a Play Boy pose
If you wanna go far, if you wanna be a star
