

I'll Be With You

Hedley

5 a.m. where's my friend
Sunset Boulevard
Flashing lights, read my rights
Guess I went to far
Talking trash, spend my cash
No one else to blame
It's always end, it's always ends the same

If I'm not in jail tonight
if I don't in hell tonight
And if I don't lose a fight
And if I don't lose my mind

I'll be with you
I'll be with you
Oh darling, everytime I try to stop
Everytime they call the cops
If I don't do the stupid things I do
I'll be with you

Sleep all day, up all night
Story of my life
Try to change, change my ways
I can't get it right
I'll get clean, Charlie Sheen
Maybe not today
It always ends, it always ends the same

If I'm not in jail tonight
If I don't in hell tonight
And if I don't lose a fight
And if I don't lose my mind

I'll be with you
I'll be with you
Oh darling, every time I try to stop
Every time they call the cops
If I don't do the stupid shit I do
I'll be with you
I'll be with you
Oh darling, every time I try to stop
Every time they call the cops
If I don't do the stupid shit I do
I'll be with you

If I'm not in jail tonight
If I don't in hell tonight
And if I don't lose a fight
And if I don't lose my mind

I'll be with you
I'll be with you
Oh darling, every time I try to stop
Every time they call the cops
If I don't do the stupid shit I do
I'll be with you
I'll be with you

Oh darling, every time I try to stop
Every time they call the cops
If I don't do the stupid shit I do
I'll be with you
