

We Are Unbreakable

Hedley

I'm beat but I can't be broken
Knocked down
But you gave me hope
And I can see it now
Just gotta dig it out

These scars on my heart I own them
Dark days when my will was stolen
I can bring it back
Yeah I know it, I know it
And I'm starting to feel again

[Chorus:]

One way out I found it
Won't back down, surrounded
You and me right now
Yeah we are, we are, we are unbreakable
All this doubt in my head
Drown it out don't let it happen to you and me right now
Yeah we are, we are, we are unbreakable

Shipwrecked by a sea so stormy
I'm lost but I'm never lonely
I can see it now
That you are my way out
I was drifting on the ocean tide
Out of hope when I saw your light
You can bring me back
Yeah I know it, I know it
And I'm starting to feel again

[Chorus]

I follow my heart through it all
Holding on to you
Together we'll never fall
'cause we are unbreakable

[Chorus]
