

# Everything Has Changed

Heffron Drive

Everything has changed since I met you  
My heart was broken  
Hope was overdue

Running empty  
Running out of time  
Thought I lost my mind  
But everything has changed since I met you

Nothing is the same since I met you  
My heart sometimes is easy to get due  
With shadows of the past disturb my night  
Make them run and hide  
Cause nothing is the same since I met you

Here and now  
Just hear me out

Through fear and doubt  
I'd never let you down  
I'd never let you down

Everything has changed since I kissed you  
I never thought the love could be this true  
When I thought that feeling couldn't last  
When you kissed me back  
Cause everything has changed since I kissed you

Here and now  
Just hear me out

Through fear and doubt  
I'd never let you down  
I'd never let you down

Here and now  
Just hear me out

Through fear and doubt  
I'd never let you down  
I'd never let you down

Everything has changed since I met you  
And I hoped that I have changed your whole world too

Here and now  
Just hear me out

Through fear and doubt  
I'd never let you down  
I'd never let you... oh

Here and now  
Just hear me out

Through fear and doubt  
I'd never let you down

I'd never let you down

Everything has changed since I met you  
And I hoped that I have changed your whole world too
