

Love Letter

Heffron Drive

Wait, you're just the girl I'm looking for.
I thought that I'd stop by to just say hi,
And see how you're doing. don't hesitate.
It seems to me, we're meant to be.
Well maybe I should leave, I should leave.
I don't like rushin' into this kind of thing.

Well it's time for me to say just what I came here for.
And you know, you know I can't wait any longer.
And you know, you know I can't wait anymore.

Cause I'm in love with you baby,
So I'll put it in a love letter.
it's yes or no not maybe.
Can we get this thing pulled together?
I've been goin' crazy when I think about you.
Cause the hardest thing I'll ever have to do is to tell you.

Girl, maybe all that I can say,
Is I'm infatuated with the way move and how you sway.
I can't breathe when your eyes shoot me a glance.
Just half a chance is all I need
To see that you and me can leave and run away.

Well it's time for me to say just what I came here for.
And you know, and you know, and you know. I'm not movin'.
And you know, and you know that my foot is in the door.

I'm in love with you baby,
So I'll put it in a love letter
it's yes or no not maybe.
Can we get this thing pulled together?
I've been goin' crazy when I think about you.
Cause the hardest thing I'll ever have to do is to tell you

Im in love with you baby
so I'll put it in a love letter
it's yes or no not maybe
Can we get this thing pulled together?
I've been goin' crazy when I think about you.
Cause the hardest thing I'll ever have to do is to tell you

So let me put it to you this way sweetheart
you've got me puckerin' my face like a Shock Tart.
I think it's time we rewind back to the front of the line,
Exchange your name and mine
Give me a sign
If we were counting to ten
you'd be like a 9.99
Shine like the weather, we'll be close together
Tell me what you want, and I'll be feelin' better
I've never seen a girl as pretty as you.
How you command all attention when you walk in the room.
See i can't even lie
girl you're blowing my mind
St-stutter out a sentence
while i'm waiting on a sign from you

Skip scoop to my lou, my darlin'.
saw you lookin' at another man
I got a problem
and i wanna come and love you
but i gotta find a way to say
OOOOOOH BABY

Im in love with you baby
so I'll put it in a love letter
it's yes or no not maybe
Can we get this thing pulled together?
I've been goin' crazy when I think about you.
Cause the hardest thing I'll ever have to do is to tell you.
Im in love with you baby
so I'll put it in a love letter
it's yes or no not maybe
Can we get this thing pulled together?
I've been goin' crazy when I think about you.
Cause the hardest thing I'll ever have to do is to tell you.
