

Memories And Melodies

Heffron Drive

Brought you this gift
Memories
Words intertwined with melodies
I'm sure we've had our friends and our enemies
But I don't like to reminisce like this
Anymore than you do
Anymore than you do

Everything will be just fine this time
Everything will be just fine this time

Let's give it a rest 'cause I don't wanna fight
Let's clean up this mess before it ends tonight
I could've kissed your hand and tried to walk away
But I don't like to reminisce like this
Anymore than you do
Anymore than you do

Everything will be just fine this time
Everything will be just fine this time
What do I have to say to make you feel alright?
Everything will be just fine this time

Stop it
You keep looking me in the eye
Stop this
I don't have time for another try
To be true
Something I could never hide
I can't be you
I sit around and wonder why, why

Everything will be just fine this time
Everything will be just fine this time

Everything will be just fine this time
Everything will be just fine this time
What do I have to say to make you feel alright
