

# Mom And Dad Created A Monster

Heideroosjes

I am nothing, I'm just a piece of shit  
My clothes are different so you can see it  
The thoughts I have are not the same as yours  
Those ideas don't make me a loser without force

[Chorus]

Mom and Dad created a monster The monster is me  
Mom and Dad created a monster I just count up to three  
Mom and Dad created a monster Please don't look at me  
Mom and Dad created a monster The monster is me

I am nothing, I'm a beast without sense  
Completely mad, out of my mind, so are my friends  
The way I walk divides me from the crowd  
Crowd full of hypocrites, don't know what they are about

I am nothing, because I don't wear a suit  
But if that's what you like, then you should  
It's more fun to feel fine yourself  
Than do things just to please somebody else

Mom and Dad created a monster, the monster is me
