You tried boy
You tried to blame it on me
At first it worked
I was feeling so guilty
You said, you said
I was the reason why
We couldn't work out
But that was all a lie
You never gave me
What I gave you boy
But it's your loss
Cause you made the choice
To walk out
But you want me back around
I wish that I never loved you
Never loved you

I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but
Now I'm better off
No more bad days
Don't need you to validate me

No more
Don't need you
No more
Don't need you
No more
Don't need you
No more
Don't need you

You made me
Made me think we had something real
But then you tried to use the way I feel against me
Make me a yes girl
You tried to do
Had to free myself
Cause I can't let you
Get the best of me
No more misery
Had to free myself
Cause you're not the one for me
And a bet you wish had my love again
I bet you wish you never made that decision
Cause now you want me back
I bet you want me back
But when I cry myself to sleep
Tell me, where are you at?

I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but
Now I'm better off
No more bad days
Don't need you to validate me

No more
Don't need you
No more
Don't need you
No more
Don't need you
No more
Don't need you

I did everything you asked me to
But nothing was good enough
And baby, we're through
You act so arrogant
You act like you're heaven sent
And I'm not gonna let you get the best of me
best of me
I'll find someone who loves me for me
Best thing for me
Best thing for me
Let's wait for me

I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but
Now I'm better off
No more bad days
Don't need you to validate me
No more
Don't need you
No more
Don't need you
No more
Don't need you
No more
Don't need you

I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but
Now I'm better off
No more bad days
Don't need you to validate me
No more

I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but
Now I'm better off
No more bad days
Don't need you to validate me

I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but
Now I'm better off
No more bad days
Don't need you to validate me
No more
Don't need you
