

# Trash Me

Heidi Montag

Woo-hoo  
Woo-hoo

Trust is such a tricky little thing  
True colors always show  
You think just cuz ya see me on the Internet  
But baby you dont know

You wanna see me  
Cry

Love me! Love me!  
When Im up you love me  
Trash me! Trash me!  
When Im down you trash me  
Leave me! Leave me! (ooooo)  
Save all the drama for some other mama cuz Im just a baby, I really dont wan  
na  
Trash you

My list of what I need to be chill  
It dont include your name  
Step inside my mind and have a look around  
Youre not in the frame

You waste my breathe  
Why?

Love me! Love me!  
When Im up you love me  
Trash me! Trash me!  
When Im down you trash me  
Leave me! Leave me! (ooooo)  
Save all the drama for some other mama cuz Im just a baby, I really dont wan  
na  
Trash you (trash you)

People telling lies, can you hear the sound?  
Clicking day and night, try to turn it down  
Popping out at me- getting louder now  
(up up up up)  
Like a pendulum swinging on and on  
Playing in my head, like a hooky song  
Will it ever end, am I right or wrong?  
(stop stop stop stop)

Love me! Love me!  
When Im up you love me  
Trash me! Trash me!  
When Im down you trash me  
Leave me! Leave me! (ooooo)  
Save all the drama for some other mama cuz Im just a baby, I really dont wan  
na  
Trash you  
Love me! Love me!  
When Im up you love me  
Trash me! Trash me!

When Im down you trash me  
Leave me! Leave me! (ooooo)  
Save all the drama for some other mama cuz Im just a baby, I really dont wan  
na  
Trash you

Trash you  
Trash you (ohhh trash me)  
Trash you  
Trash you  
Save all the drama for some other mama cuz Im just a baby, I really dont wan  
na  
Trash you
