

## Secrets Of Time

Heimdall

From his infernal and divine gaze a dark malediction rained  
So the anger of the god was appeased

I promised you eternal love,  
Infinite light  
And access to the world of the gods

Now i give you a new kingdom - And the crown of black sorrow

Your eyes will see some truths no mortals could ever see before  
The gates of destiny will open to welcome your arrival  
In the land of eternity you'll know the SECRETS OF TIME  
to COME... COME... the SECRETS OF TIME... to COME...

Look to the sky tonight  
The stars will show you  
The secret path of men's fate

You will paint - Black scenarios of sorrow and death

Your voice will sing dark poems, sad and tragic songs  
But no men will listen to the dismal laments of your words  
You can reveal to no one the SECRETS OF TIME  
To COME... COME... the SECRETS OF TIME... to COME...

to COME... COME... the SECRETS OF TIME... to COME...
