

## Another Candle

Heir Apparent

I've seen through times of mystery  
And dreamed of truth in history  
I can't imagine why we'd let our lives be stole away-  
For Armageddon

To be their pawns  
And fear their Gods  
With no free will - NO!

Another candle burning down  
See the flickering light upon the ground  
There'll never be a Chosen Few  
The ignorant- they never knew

And now the oceans cry

From the fire in the sky  
And there's nothing you can do  
'Cause the world you've known is through  
And now your people cry  
At the rivers running dry  
And there's nothing you can do  
'Cause the world you've known is through

Desire- - the lust for total joy  
The Fire- - a world it shall destroy  
Fever- - you'll feel it in your mind-  
It's the nature of your kind

Lost - the future from your view  
The Cost - too high to start anew  
Reason - the one thing you ignore-  
Could open up the door

Another candle burning down...
