

# My Girlfriend Insanity

Helalyn Flowers

She, forgiving my lies  
And perceiving my senses  
Knows my truth  
She, was kissing my eyes  
In a clinical embrace  
She's my truth

When in the deeper of the night  
She enters in my bed  
Inside of me  
Like a chilly scar  
It's opening again  
'Cause humanize a dream's exciting  
That's all she let me know  
In one second

Her unforgiving touch  
Is like a blade writhing in a flower  
Undressing my meaning,  
I'm discovering the taste of love  
Because she is my girlfriend insanity

When in the deeper of the night  
She enters in my bed  
Inside of me  
Like a chilly scar  
It's opening again  
'Cause humanize a dream's exciting  
That's all she let me know  
In one second

Her unforgiving touch  
Is like a blade writhing in a flower  
Undressing my meaning,  
I'm discovering the taste of love  
Because she is my girlfriend insanity

Like a scar, Like a blade, Slide On me, Kill my pain  
Like a scar, Like a blade, Slide On me, Kill my pain  
Like a scar, Like a blade, Slide On me, Kill my pain  
Like a scar, Like a blade, Slide On me, Kill my pain
